Christina Tourin, MT, CTHP is the Director of the Int’l Harp Therapy Program based in San Diego, CA USA. The program specializes in music development, resonance as a powerful form of healing and interactive work with individuals. The program consists of a foundations course of study which is being offered during the week of July 3-11, 2015. For those who study the Level 1, you will have the opportunity to work with a mentor (in your own language) throughout the year so that you are prepared for Level 2 the following year. To receive more information, please go to www.HarpTherapyCampus.com Christina is known for her outstanding capabili- ties as an educator. You will learn many new patterns of improvisation in her workshops plus the qualities of individualizing music used for healing. She will be assisted by outstanding graduates of the program. For all levels of player - most beginner to most advanced.

This Butterfly Garden Centre is led by Liesbeth Schroen, who started the IHTP in 2014 and will be a spindle for the IHTP Europe. Liesbeth is a therapist (cranio-sacral therapy, kinesiology, shamanistic healing and music waterbed therapy) and teacher (Reiki, chakra’s and shamanic workshops) She has a practice since 10 years and opened this centre in 2006.

Food and lodging July 3-11, Heythuysen - Lunches are served by Sandra van Gennip (soup, bread and salad) and dinner (main course and dessert) for only 15 euro’s each person each day! And this is biological, vegetarian food. People can let her know about their special needs glutenfree etc.
